

## EXPERIENCE

### DOLPHIN INTERCONNECT SOLUTIONS

SOFTWARE ENGINEERING INTERN

Jan 2026 – May 2026 | Remote

- Developed a three-node distributed computer system connected via PCIe Gen 4 adapter cards with 12 GBps cabling.
- Achieved 7.2 GBps data transfer rates with sub-2 microsecond latency across nodes.
- Implemented virtual data center architecture hosting multiple websites using shared memory and distributed processing.
- Leveraged residential computing resources to create scalable, low-latency infrastructure.

### UNIVERSITY OF TEXAS AT ARLINGTON

SENIOR DESIGN PROJECT MANAGER

Aug 2024 – May 2026 | Arlington, TX

- Coordinated with student teams to manage senior design software projects throughout development lifecycle.
- Facilitated team meetings and provided guidance on project organization, operations, and workflows.
- Conducted regular code reviews and technical assessments to ensure project quality and progress.
- Mentored teams on software development best practices, architecture decisions, and project planning.

### RETAIL & VISION CENTER MANAGEMENT

My Eyelab (Brand Manager), Hurst, TX

Jun 2019 – Nov 2020

America's Best Contacts & Eyeglasses (GM)

Nov 2014 – Jun 2019

Walmart (Vision Center Manager), Fort Worth, TX

Aug 2003 – Oct 2013

- Led recruiting, training, and development for associates across multiple locations.
- Managed operations, inventory, and lab production for timely customer deliveries.
- Drove sales growth and analyzed performance data to achieve business goals.
- Ensured compliance with company policies and maintained quality standards.

## RECENT PROJECTS

### IDEALLANDSCAPESERVICES.COM

- Professional landscape services website featuring service showcase, project gallery, and client contact system.

### ADELANTELANDSCAPES.COM

- Jekyll-based landscape design portfolio with responsive gallery and blog system for sustainable gardening services.

### HEALINGSYNERGIES.COM

- Holistic wellness website with service management, recipe collections, and payment integration.

### BENJAMINNICCUM.COM

- Interactive portfolio built with Rust/WebAssembly featuring Snake game, Twitch integration, and Firebase persistence.

## EDUCATION

### UNIVERSITY OF TEXAS AT ARLINGTON

MS COMPUTER SCIENCE

Exp. SUM 2026 | Arlington, TX

GPA: 4.0/4.0

BS SOFTWARE ENGINEERING

SPR 2025 | Arlington, TX

GPA: 3.5/4.0

## SKILLS

### PROGRAMMING

C, Java, XML, SQL, JS, Python, C++, SWIFT, Assembly, LaTeX, Rust

### TECHNOLOGY

Github • Google Cloud • Azure • CL/CD  
Redis • Android Studio • XCode  
UNIX • Jira • Agile • OverLeaf • D3  
Visualization • Firebase (webpages, databases, authentication)

## COURSEWORK

### GRADUATE

Cloud Computing & Big Data  
Software Testing Master Level  
Analysis of Algorithms  
Software Design Patterns  
Data Analysis and Modeling

### UNDERGRADUATE

Algorithms • System Design • Project Management • Security • Testing • Procedural and Object Oriented Code • Operating Systems • Database • Concepts • Optimization
